

Belgrade New Embassy Compound
Public Statement Inviting Expressions of Interest

The Embassy of the United States of America is pleased to announce its intention to construct a New Embassy Compound in Belgrade, Serbia.

The New Embassy Compound will be located in Savski Venac municipality. This design/build Project will be implemented using an American Prime Contractor to be solicited competitively in the United States.

Without actual or implied obligation to respondents to this notice, the Embassy of the United States invites expressions of interest from local businesses able to perform architectural and engineering services and who are major suppliers of construction materials and construction services to participate in the upcoming New Embassy Compound construction project. Without actual or implied obligation to respondents to this notice, the U.S. Embassy will forward responses to this notice for expressions of interest to American Prime Contractors short-listed for competitive participation in the Request for Proposal to design and construct the New Embassy Compound in Belgrade, Serbia.

Interested companies expressing interest in the New Embassy Compound project are invited to submit two (2) copies of their expressions of interest, including a description of company expertise and capabilities by December 2, 2008, to the following address:

U.S. Embassy
NEC Expressions of Interest
Kneza Milosa 50
Belgrade, Serbia

Late submissions will be also considered.

Expressions of interest will be forwarded to the American Prime Contractors that have been short-listed for competition in this project. No receipt or further correspondence with regard to expressions of interest will be provided by the U.S. Embassy to companies responding to this notice.

Please be advised that any expression of interest will be made directly to the interested business by the competing American Prime Contractors.
